

We Help Leaders Succeed

LOGISTICS SOLUTION BRIEF

At LSI, we provide a full range of Logistics Services: providing management and technology solutions to meet the complexities of today's supply chains. We address complexity through Planning, Technology, and Implementation Solutions to efficiently and effectively control the forward and reverse flow of Supply and Storage activities. Logistics is no longer the domain of the loading dock and requires an understanding of and participation in IT, Cybersecurity, Budgeting, and Acquisition.

LSI logistics solutions also include consulting, data analysis, supply chain visualization and performance optimization, warehouse and facility services, and supply chain risk management.

SUPPLY AND VALUE CHAIN MANAGEMENT SERVICES

Starting with procurement and continuing through the product life cycle, LSI provides subject matter expertise and data-supported analysis and assessment of your supply chain.

- Supply Chain Risk Management consulting
- Logistics Lifecycle Support Services and Consulting
- Supply Chain Infrastructure and Analysis Services
- Overseas Contingency and Operational Logistics Analysis and Planning
- Logistics Civil Augmentation Program (LOGCAP) Subject Matter Expertise
- Accountability of Materiel, Policy, Procedures, and Execution

OPERATIONS & MAINTENANCE (O&M) – LOGISTICS MANAGEMENT AND SUPPORT SERVICES

LSI's team of experts provide military and civil O&M support required for task execution and completion.

- Warehouse and Material Management using real-time Inventory Management Tools
- Inventory Receiving, Storing, Shipping, Excess Management, and Disposal Services
- Facility O&M Support Services
- Vehicle Fleet Management Support Services
- Overseas Logistics Systems and Analysis support (e.g. Kuwait, Iraq, and Afghanistan)

LOGISTICS TRAINING SERVICES

LSI has extensive experience providing realistic training based in current and future scenarios and practical needs.

- Hands-on training with military equipment
- Information System utilization and support training.
- Training methods include on-site instructors, virtual and hand-held / mobile device applications.
